THE JUMPY ADVENTURE BEGINS!

JUMPY! Learning Adventures is a retro single-screen platformer game **designed to help players practice recognizing letters, numbers, and geometric shapes through an engaging arcade-style experience.** Players must jump across platforms to collect the box that matches the target shown in the "FIND:" prompt while avoiding incorrect choices that reduce lives. The game features Easy, Medium, and Hard difficulty levels, along with Letters, Numbers, and Shapes modes to provide varying levels of challenge and replayability. JUMPY! also supports both single-player and competitive two-player gameplay, with scores saved in a persistent Top Scores leaderboard.

ARCHITECTURE AND ORGANIZATION

HOW TO PLAY?

1

Choose a Game Mode

2

Select Difficulty

3

Collect the Correct Box
Look at the FIND: prompt and jump across platforms to collect the matching item.

4

Avoid Wrong Boxes

5

Earn Points

6

Survive and Compete
The game ends once all lives are lost.

GAME MECHANICS

Platform Navigation:

Players move and jump across multiple elevated platforms to reach collectible boxes.

Target Matching System:

A target item appears at the top of the screen. Players must locate and collect the correct matching box.

Lives System:

Each player starts with 3 lives. The game ends when all lives are used.

· Invincibility Frames

After hitting a wrong item, players briefly become invulnerable to prevent multiple life losses.

· Difficulty Scaling

Higher difficulty levels increase the number of collectible boxes, making it harder to find the correct target.

Scoring System

Correct item = **+10 points**
Wrong item = **Lose 1 life**

Multiplayer Competition

Two players can compete simultaneously on the same screen with separate scores and lives.

Leaderboard System:

Scores are automatically saved and ranked in the Top Scores leaderboard.

WHY PLAY JUMPY!

JUMPY! combines education and entertainment into one exciting arcade experience. It improves:

Recognition skills

Reaction Time

Focus and Coordination

Competitive gameplay experience
